

EQS 6 for Windows download instructions:

- 1) Go to <http://www.mvsoft.com/eqsdownload.htm> and select EQS 6.1 for Windows (Build 97).
- 2) Select "Save file to disk" option and put the downloaded file in a local folder.
- 3) After unzipping the downloaded file, you will be asked for a password to unzip the file. The password is E6069771134333. Please note that this password is case sensitive.
- 4) Next click on the Setup file (setup.exe) from the folder where you place the unzipped EQS files. You will be asked for a serial number. Type in 057550 497626 936155 (please note spaces).
- 5) Please keep this license number in your records and refer to it when corresponding with Multivariate Software, Inc.

If you are using Windows Vista and encounter a problem opening the help files, please visit our website www.mvsoft.com. The solution can be found under the Frequently Asked Questions section.
